the authoritative reference on Congress

YOUR INDEX IS VALUABLE

Please place this Index in the front of your CQ springback binder of Weekly Reports. It is a cumulative index from Jan. 1, 1953, through Sept. 25, 1953.

Your index is the alphabetical key to the record of the many Congressional and political developments of this period. The subjects are listed alphabetically, the entries under them are in chronological order.

To help you find material, several index entries have been made for some Weekly Report articles. These articles are indexed for each subject they cover and for every individual mentioned.

CORRECTIONS

Corrections in CQ Weekly Report are listed on page 4.

CORRECTIONS

To increase the reference value of its current and permanent material, CQ periodically publishes corrections, and clarification for its Weekly Report and Almanac.

CQ corrects any major errors as they are noted and assembles other corrections, for your convenience, at the end of each quarter. Corrections are indexed. Corrections are to be made in the 1953 CQ Weekly Report.

Prior-service credit was allowed when the Railroad Retirement Law was enacted in 1937, to permit those approaching retirement age to benefit."

POLICY STATEMENT

"By providing a link between the local newspaper and Capitol Hill we hope Congressional Quarterly can help to make public opinion the only effective pressure group in the country. Since many citizens other than editors are also interested in Congress, we hope that they too will find Congressional Quarterly an aid to a better understanding of their government.

"Congressional Quarterly presents the facts in as complete, concise and unbiased form as we know how. The editorial comment on the acts and votes of Congress, we leave to our subscribers." Foreword, Congressional Quarterly, Vol. 1, 1945—Henrietta and Nelson Poynter, Editors and Publishers.

CORRECTIONS

To increase the reference value of its current and permanent material, CQ periodically publishes corrections and clarifications for its Weekly Report.

CQ corrects major errors as they are noted and assembles other corrections, for your convenience, at the end of each quarter. Corrections also are printed in the quarterly index. The corrections which follow are to be made in the 1953 Weekly Report.

Page 221, Column 1 -- Paragraph 9, line 2 should read: "receives an annual salary of \$30,000, plus a \$10,000 expense allowance, office space in the Capitol..." (not salary of \$20,000....)

Page 809, Vote Caption 6, should read: (H Res 292) ... (not H Res 291).

Page 963, Vote Caption 1 should read: "German Debt Treaties (Executives D, E, F, G.) Provide for: Settlement of pre-World War II German debts to U.S. bondholders; repayment by West German Republic of \$1 billion in U.S. post-war economic aid; German payment of \$97.5 million in claims awarded Americans by Mixed Claims Commission; recognition of German dollar bonds only after proper validation. Douglas (D Ill.) motion to recommit..."

Page 963, Vote Caption 2 should read: "German External Debts (Executive D). Provide for payment of approximately \$546.6 million in pre-World War II German debts to U.S. bondholders. Ratification..."

Page 1233, Column 1 -- First paragraph, line 6 should read: "Jan. 31, 1955..." (Not Jan. 1, 1954...)

Weekly Report of Oct. 16, page iv Quiz question No. 3 should read: "only one state -- Connecticut..." (not Connecticut and Rhode Island.)

Page 1258, Column 2 -- Under Mississippi, should read: "Senate Primary, Aug. 24." (Not April 24.)

Page 1283, Column 1, last paragraph should read: "Dr. Robert Skaife, field secretary." (Not executive secretary.)

Page 1394, Vote caption 1 should read: "Make mandatory through 1955 price supports..." (Not "through 1954"). (The version originally passed by the House would have extended supports through 1955, but a subsequent House-Senate conference resulted in the extension through 1954, as the law now stands.)

Page 1426, Column 2 -- Paragraph 2, line 2 should read: "filed a similar brief" (Not suit.)
